

SB67050

Synapse analog terminal adapter

The AT&T Synapse® SB67050 analog terminal adapter (ATA) offers an economical way for businesses to add robust functionality to an already feature-rich phone system. Additional ports in the ATA make it possible to add audio out and audio in, enabling features such as overhead paging, analog device support, external music on hold*** and group voicemail.

System features

Capacity: 100 extensions, 16 PSTN lines, 16 SIP trunks and PRI	Caller ID*, do not disturb (DND)
Supports multi-line appearances (MLA) or multi-call appearances (MCA)	System-wide and zone paging
Supports DHCP servers for automatic IP address assignment	Voicemail-to-email forwarding
Call forwarding, transfer, 3-party conference, redial log	100 number system phonebook
30 minutes of voicemail storage per extension**	Automatic clock setting using NTP
Automated attendant (up to 4; 20 menus)	English/French setup menus (CAN)
Custom recording of on-hold messages	Upgradable software, backup and restore

System features available in call appearance mode only

Call screening, call queuing, call park/retrieve	Trunk reservation and trunk routing
Auto answer (intercom auto answer available in line appearance mode only)	Ring groups, hunt group, audible ring delay
Busy lamp field/direct station select (BLF/DSS)	Group mailbox
Toll restriction	Configurable dial plan

SB67050 analog terminal adapter (ATA) features

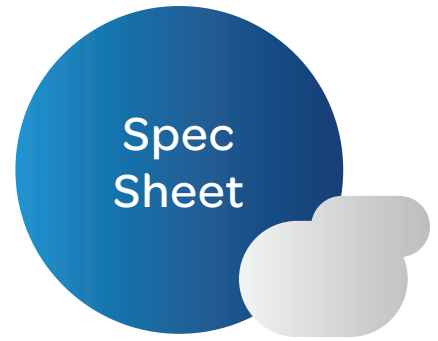

External music-on-hold (MoH) connection***	Overhead paging connection
Combine 4 ATAs for up to 8 analog devices (e.g., fax, MoH, group mailboxes)	Fax and analog phone support
Group/guest/general mailboxes (3 hours recording time)	Rack-mountable

*Use of caller ID features require a subscription available through your local telephone company.

**Actual recording time depends on individual message characteristics.

***Music-on-hold functionality should only be used in conjunction with music specifically licensed for on-hold use. Licensed on-hold music is available from many third party suppliers. AT&T disclaims any liability arising from the failure to obtain such a license.
